FOR ENTRY
DOOR FRAMES
AND SINGLE
GARAGE DOOR
FRAMES**

**NONE
NEEDED FOR
DOUBLE
GARAGE DOOR
FRAMES**

4. Screw jamb covers to the jambs.

5. Snap on the new brickmould.

Available Colors

Note: actual color may vary due to the printing process - See Separate Color Card

How To Order Your Door Frame

Entry Door Frame

1. Measure your entry door (and or sidelite if applicable)
 - Select the appropriate Entry Door Kit
2. Determine the current frame (jamb) width
 - 4-9/16" or 6-9/16"
3. Choose the color

Overhead Garage Door Frame

1. Measure your garage door
 - Order aluminum frame by the garage door size
2. Determine if the current frame width is 5-1/2"
3. Select frame style: 90° or 45° corners
4. Choose the color

Entry Door Kits

Single Door

Fits doors 36" wide x 80" high **or smaller**
